

Eco-Tite™ 31/32 Shrink Bags

Applications

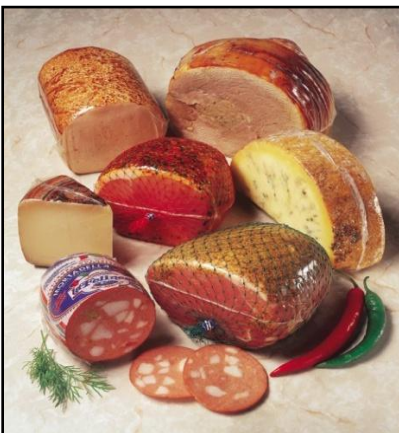

Eco-Tite™ 31/32 EVOH barrier shrink bags are suitable for a wide range of chilled applications in fresh meat, processed meat, poultry and non-gas producing cheeses. The glossy appearance and high shrink make it ideally suited for both retail and industrial applications. These bags give added seal strength and pack security when sealing through folds and contamination and can be overlapped during the production process.

Features

Seal Type	Seal Format	Width (mm)	Length (mm)	Presentation	Printed
